*our Retiree Affairs Division*

8:40 Meeting - Thursday, 11 October 1973

① 1. ~~Retirement~~ Retiring: RAD has noticed this week an almost total decline in requests for information about the cost-of-living increase. We shall probably find that this will pick up once the next reading is released by the Bureau of Labor Statistics.

2. Shortage: [REDACTED] is the second private College that is unable to provide any math, physics or engineering students for the winter co-op work period. Physics classes are down to eight students, compared to 20-30 over two years ago. They did promise to give the Agency top priority for the students available next summer, including five required for NPIC's summer intern program in photo science. Interviews have been scheduled for 8 and 9 November at RIT.
